I suppose in the end the whole of life becomes an act of letting go, but what always hurts the most is not taking a moment to say goodbye. Yann Martel from Life of pi.

To my dear family and friends, I have been quite ill for a very long time and will be leaving this plane soon. I must take this time to tell you what I have always said. I had a pretty good time getting here and you have all been a big part of that good time.

PEACE AND LOVE. Barb

“ I am so sorry for the loss of Barb. She was a feisty, kind woman who would tell it like it is. I recall her fondly from our brief time working together at Trent in the Finance department when I had just graduated years ago. Chris Salo

“ I just learned of Barb's passing. To those closer to her than I was, I'm sorry for your loss. I always had a great time when Barb and I would be able to chat. They were matter of fact chats interspersed with jokes and chuckles between us. I wish her and those close to her well.
