“ Summer wouldn\u2019t have been summer without visits/reunions at Aunt Carol & Uncle Jim\u2019s place on Chemong. Carol was an excellent hostess, great cook and very caring woman. My siblings & I always enjoyed our visits with our cousins in the Dauncey clan, water events, competitive games, great food etc. and she was always welcoming. As we left every year our dad Gord would stash some of Carol's silver wear in our mom Merle\u2019s purse then suggest Carol search her purse so she didn\u2019t get away with them. It never got old. May my cousins Cathy, Jim, Jane, Peter & their families know we are sad to hear of their moms passing and hope they celebrate the good memories as we do. May she be at peace. Love, Jenny & Lloyd Nelson & family

“ I was sad to hear of the passing of Aunt Carol. I have many fond memories of our summers visiting her on Chemong Lake, or of the times she came down to Toronto to visit at our grandparent's house. Aunt Carol was a good cook, and her home was always warmly inviting to her guests. She shared her many interests with enthusiasm and I was proud of her when she went back to school as a mature student to get her degree. A kind and gentle woman. You will be missed, Love Sharon
