“ Dear Cummings Families, Catherine was a good friend of my Mom, Teresa Shaw but came into my life as a life-line for me when my Mom fell & broke her ankle badly. Still working and living out of town, I was unable to care for Mom during the week. Enter our rescue angel. Catherine stayed with my Mom when I couldn't be there. We became good friends too. I dropped in to see her not long before she went into the hospital and I am so glad I did. Mom & I we wish you comfort in your memories and eventual peace of mind. Prayers & condolences.
