LG

“ We are all deeply saddened to hear that our cousin Christine has passed away. Over the years we drifted apart but we have some wonderful memories of our youth and remember her vibrant energy and passion for life. We pray she is reunited with her mother and father in Heaven. At times, her life was challenging but she had the love of her mother, son and family to keep her happy and comforted. May she now rest in peace, since her journey is done on earth.
