“ To a great brother-in-law. When I worked at St. Joseph\u2019s Hospital, in the winter time, most nights my car wouldn\u2019t start. Don would wait at the garage and at 11 pm would drive by the hospital to make sure the car started. He ended up boosting it most nights.RIP DonAnne-Marie (Larry)

“ Dear Randy and Debbie. I have one of my best memories being on Uncle Don's boat "The Horney Two". He and Aunt Bev took me up the Trent Canal in my young teen years. It is an experience I will always remember. I will miss talking to him and all his wonderful stories and of course his jokes. My thoughts are with you both.
