“ fyi this man is a inc*stuous p*dophile, he's NEVER been a "proud grandfather". what a crock of sh*t. family dinners consisted of me crying in the bathroom after being forced to hug a literal predator (named finn), he's assault*d more than 1 of his relatives. he was a grumpy, cold creepy & p*rv*rt*d man & he's in h*ll. no nice memories. only permanent-trauma remains from him.
