“ Frank was a neighbourhood staple and so will his legacy continue to be! It was rare to go for an evening stroll in the Waterford / Harvey Street neighbourhood without finding Frank sitting in his chair, by the stairs to his & Jeannie's home, watching the world go by. Always happy to chat, share a laugh, reflect on the current goings-on in the world, and feed cookies to neighbourhood pups walking by, Frank made everyone's walk around the block happier (and every dog's belly fuller)! Having come to know him in such a casual but meaningful way was not wasted on us or on any other neighbours, dog-walkers, or passers-by. Frank has touched our hearts and he will be remembered as one of the kindest neighbours. For as long as there are dog cookies left out on Harvey Street, we will continue to pause on our nightly walk and remember Frank's kindness, good cheer, genuine love for animals and casual evening banter as we toast a Milkbone with Drakey in Frank's lovely memory. Our deepest condolences. Love from the Merrin Family
