“ Although we didn't see a lot of Uncle George and the rest of your family he was always someone you knew would be there, a quiet reminder of your mom. I would without fail come away from a brief conversation with him thinking "he is such a nice guy." I know his passing will leave a big hole in your hearts. Hugs to all my cousins.

“ I have a lot of memories of George over the years, but my favorite was when he and Howie would show up at The Kent after a few too many beer and ask me to sing Patsy Cline and they would cry and cry. He was a lot of fun and he will be missed by so many people.
