“ Anne and family - - losing Glen is a sad loss for all of your family. He was a fine person and an aggressive worker. It was fun watching him grow up from a babe in arms to the fine, upstanding person he was now. He will be a welcome angel in Heaven and there will be a new and glistening star in the sky watching over all of you. May God bless and walk with you as you go forward without Glen at your sides. Of course, Glen's love and spirit will be with all of you forever and the love and memories you have in your hearts will always be a comfort to you forever. Love, thoughts and prayers, Jane and Ashton
