“ Lea, thank you for your kindness, my good friend. Somewhere, Mom's spirit is going to be the summer breeze dancing in a grove of trees. She loved the forests.

“ Brenda, you and Michael have been the best of neighbours and I know Mom really appreciated living next door to you. Thank you for all the help you gave in her later years.

“ Our deepest condolences to the family. We loved Judy as a neighbour, and I remember many times of sharing a cup of tea and a visit with her. Myself and some of my friends arranged a few English teas in the warmer months and Judy liked to attend when she was able. Sadly the last couple of years, she wasn't physically able to walk over to our house, but she and I were able to still get together a few times for visits at her home. We will miss her. “ I knew Judy as the sister of my long-time best friend Jill. Our paths crossed only occasionally but her presence in Jill\u2019s life and that of their mother was steady and constant. Judy cared for both her sister and mother with profound empathy and dedication. She had an incredible gift for giving assistance and comfort. I am in awe of her generosity.

“ Thank you for making a wonderful home grandma. It was wonderful growing up in the wonderful home you made, so many wonderful memories from the before school routine, to after school everyone wanted to be over. From video games, to homework, from bonfires, to snowmobiles and bikes on the trails. We had so many wonderful easter together, to so many wonderful rented movies, with a never ending supply of great food. Our lovely dinner routine, and the many wonderful discussions about news after we all watched it together. Thank you so much for opening your home to me, and giving me a wonderful place to call home while mom went to Trent

“ Well forever miss you grandma. Honored to have spent so many years at your house, with you and Glyn. So honoured to have spent my childhood running around the fields, playing video games with the boys, or out back at campfire with Glyn, or reading a book in the hammock or cabin. It was true privillage to spend so much time snowmobiling, to the many many many wonderful family meals you organized and threw. So many wonderful birthdays, christmas, easters, thanksgiving at your house.
