“ *I met Kelly over ten years ago ( probably longer ) and we connected instantly over hair , clothes and just chatting with coffee. We had regular coffee dates for years , and she gave me advice at a crucial time in my life that if not for her I don\u2019t think I\u2019d be here today. I wish I could\u2019ve seen you recently and repaid the kindness you always showed me - but since I can\u2019t I\u2019ll put it forward into the universe the way you did to me . Miss you babe , until one day !*

“ *My heart hurts for all whom are grieving. I personally have pages of memories from our youth. From numerous crazy boy crushes, to dish duty at Buckhorn Lodge, the one I laugh at the most is Kelly and I wanted to go \u201chang out\u201d in town. She was 13ish I was 15ish. Our master plan to convince Doug to let us go was we said we wanted to go fishing . He agreed with a grin and said don\u2019t forget the fishing poles. So we grabbed the fishing poles hid them in bushes and off we went thinking we had come with the plan of the century! Love to everyone Leah and Ronnie Bulger*

“ *I have so many fond memories of growing up with Kelly. I remember being the new kid at Buckhorn Public School scared to be there, Kelly was one of the first people to be friendly to me and welcome me. We went from public school together to have the school. She always had a lot of love and a smile for everyone. I will cherish the many memories of our school dances and just standing in the halls of Lakefield High. Kelly had a heart of gold, such a beautiful woman. Rest In Peace my dear friend. Thank you for the beautiful memories.*
