

Laurie Scott

April 5, 1959 - September 4, 2020

SCOTT: Laurie Jewel

It is with great sadness that the family of Laurie Scott announce her passing peacefully at the Peterborough Regional Health Centre on Friday, September 4, 2020, in her 61st year. Dearly beloved daughter of the late Bill and Jewel Scott. Loved sister of John (Karen) of Waterloo. Proud aunt of James (Ashley) of Toronto and Steven (Dallas) of Milton. Cremation has taken place. In light of Covid-19, no public Memorial Service will be held.

Thank you to the doctors and nurses at the Regional Health Centre for their care and understanding during Laurie's stay at the hospital. Special thanks to Doctor Webster, her family doctor, for her personal attention during Laurie's recent illness. If desired, donations may be made to a charity of one's choice. Condolences may be made through the funeral home online. www.CommunityAlternative.ca

“ I was so shocked and saddened to hear of Laurie\u2019s passing. We were good friends in high school and kept in touch for many years after. Life, however moved us in different directions, but I thought of her often. She will always remain one of the people that made a positive difference in my life, and I am glad to have called her my friend. I would like to extend my very deepest sympathy to her family. She was a treasure.

“ John: I am Cathy Breedon (nee Smith - Sharon Maskell's sister). I want to express our condolences to you and your family from Sharon and Larry and myself. Our parents were best, life-long friends. I remember the day they brought the new 'baby' to show her off to Mom and Dad. It's hard to believe that 60 years have gone by. Please know that we are so sorry for your loss and will be thinking of you and your family in the days to come. What a beautiful picture of Laurie; she looks so much like your Mom. We have made a donation to the Salvation Army in Laurie's memory - that's where your Dad and our Mom met - many years ago!

“ I am personally saddened by this news of Laurie's passing on September 4th. I knew her from our days in high school together at Adam Scott CVI, back in the late 1970's. We graduated the same year - 1978. I remember Laurie as standing out amongst the others girls. She was a tall, attractive, well-groomed, intelligent, and posed young woman. She possessed a certain air of dignity and maturity about herself. Above all, she was a nice person. I remember her fondly. I remember the last time we encountered each other - it was the night Brian and Mila Mulroney came to Peterborough for a political event in support of the re-election campaign of the late MP Bill Domm, during the 1984 federal election. Upon seeing her that night, I thought to myself that she could have been another Flora MacDonald - for she had a kind of 'personal presence' about her that others respected, that could have one day led to a political career of her own, had she sought it. I've wondered what became of her in the years since. I want to extend my condolences to her family. Mark Gaskell

“ It is with great sadness that Marcee, my wee Chihuahua, and I learned that Laurie, one of our favourite people, has passed. Laurie (and mother Jewel) always made Marcee feel she was a special dog. And I felt joy in witnessing their rare animal skills. From my point of view, Laurie was always one of those special students (and so was sister-in-law Karen) one could never forget. Laurie was an island of smiles who dedicated her life to being the BEST Laurie the world has ever known--and I think she succeeded. Unfortunately, life did not give her a very good hand to play over the recent past. but she still believed in a place called HOPE throughout her ordeal. Laurie congratulations on your trip through life. I am giving you a 100% (and I should have given you that same mark on all your tests at ASCVI). I have no doubt that you went over like a good dessert when you entered the Pearly Gates. And those same words could have been used to describe your life here on earth. Truly you will be missed.

Tom Davis & Marcee - September 09, 2020 at 01:44 PM
