A private celebration of his life will be arranged. As expressions of sympathy Lewis's family would appreciate a charitable donation to a charity of your choice.

“ My husband Don Johnson was a brother to Norma, and brother-in-law to Lew. Don & I had stayed with Norma & Lew & later with just Lew, during a few of our visits back to ON from our home in Victoria, B.C. We always enjoyed Lew's very unique sense of humour. He loved his life in the farmhouse, & being close to his boat, as well as their boating family. Their years of sailing the waterways down to Florida for the winter were definitely highlights, as well as the summers spent on canal boats in England. May Lew rest in peace now, having lived his life as he most wanted. I'm sure he'll find more waterways where his next life takes him. May he sail in peace. You'll always be in my thoughts Lew. Lynne Johnson (sister-in-law)
