

## Mathew Wood

January 15, 1986 - January 16, 2024

Our sweet Mat passed peacefully this week. He was much loved and will be so missed by his family, friends, and those that have been so involved in looking after him for the last 9 years.

Mat taught us a lot about grace, contentment, humour, innocence and living for today. We are grateful.

Mat's body has been cremated and he will be placed in his beloved Mother's grave in the spring. We will be celebrating Mat's life with a gathering on May 11, details to follow.

Forever in our hearts.

“ *Kevin, Terri, Jason, Laura, Lucas, Leighton, Murray, Bill, Sue, Billy and families, please accept our deepest condolences on the passing of Mat. Words cannot convey our sorrow for the loss of the wonderful person that Mat was. From the moment we met him when Kevin and Diane brought him home when he was born, to our trip to Disney World in Florida, to our many get togethers over the years, to the weekend when Mat first became ill, to his time in his new home in Case Manor, Mat always conveyed the same endearing spirit. He will remain in our hearts forever after a life that was far too short which will serve as a reminder to always enjoy the simpler things in life and appreciate the times we spend together. Thank you to Mat\u2019s special caregivers and staff at Case Manor for the last nine years and the unwavering support that Kevin and Terri have given to Mat. We will miss you Mat, please rest in peace. Love Bill and Penny Austin*
