In Loving Memory of Megan Eddean Burnfield
March 3rd, 1992 – August 12, 2025

It is with heavy hearts that we announce the passing of our beloved Megan Eddean Burnfield, who left us at the age of 33. Megan was a cherished daughter, sister, granddaughter, auntie, loving mom to her animals, and a dear friend to many.

Megan was a beautiful, vibrant soul with an unwavering spirit, full of dreams, aspirations, and kindness. She was intelligent, athletic, and compassionate, always caring for those around her. Megan's warmth and generosity touched the lives of everyone who knew her, and she was loved and admired by so many. Her passing leaves an immeasurable void, as we mourn the loss of a life taken far too soon.

While our hearts are broken, we find comfort in knowing that Heaven has gained a precious angel. Our sweet Megan is now at peace, safe in the loving arms of her Heavenly Father. Though we grieve, we take solace in the belief that she is in a far better place, free to embrace the life she deserves.

We will carry Megan's memory with us always, holding her laughter, her kindness, and her vibrant spirit close in our hearts.

A private family gathering will be held at a later date

“ Megan has been and always will be a presence in all the lives she touched. You left a trail of light for many to follow. Even though I am older, I always admired you: your bravery, your kindness, and your compassion for others. There is no one and never will be anyone like you. You will be deeply missed. ”

“ I remember you. I remember beautiful, shy, organized, kind and classy Megs. I remember all the fun times we had as kids growing up with the pool, trampoline, the farm and animals, church and all the activities. I remember how we used to do those very interesting dance workout videos every night together in the basement on Maria. I remember you were the only sister who ever let me borrow clothes. I remember when you would take the girls for sleepovers and watch all the barbie movies, with matching colouring books, treats and a whole spa set up for them. They remember to. After Barbie it turned into Disney movies, with the latest being Snow White just this past March. I remember when you and Skyla took the snowmobile about 10 ft and sunk in the deep snow. You jumped off and ran away laughing so fast, it was hilarious. Dad was so mad but not really. I remember last year and into this year of all your accomplishments and how proud we were of you, how proud we ARE of you! We will always remember Megs \ud83e\udd75 We love you

“ My favourite memory of Megan was of a hot summer day. Megan was probably 3 years old. The adults and big kids were in the pool but not Megs, she was in the hot tub getting warm. Another memory was talking with Megan about Robbie playing soccer. They both had the same jersey number. Little connections that brought smiles. We love you all. “ I will always remember her eye for the beauty of life. Will remember her telling me to stop the car for the perfect pic, the late night texts telling me to look at the moon, or short clips of the rain hitting her windows. She seen beauty in everything and was always trying to capture it to share the moment. I see these moments every day now, beautiful sunsets, the moon and its stars, and will always think of her and how enthused she would be. I can feel her sharing every sight with me and always will
