Memorial donations made in Bob's honour to the PRHC Foundation, in

support of the Cardiac Cath Lab or to the Buckhorn Community Care would be appreciated. Flowers can be sent to the Lakefield Cemetery.

The family would like to thank Dr. Kathiravelu, Dr Morelli, and the wonderful nurses and PSW's at Nightingale Nursing and St Elizabeth Health Care who helped keep Bob comfortable and in his home.

Bob worked as a Toronto Hydro linesman for over 30 years and upon retirement moved to Buckhorn where he and Fran operated Mr. A's Variety. Bob was well known in the community for his generosity, big heart and giving nature. The store was a place where all were welcome and it wasn't unusual to open the doors afterhours to help someone in need. He also supported and contributed to the Buckhorn community in many ways.

Bob was a hardworking man who loved tinkering in the garage, cutting wood and working in the yard and gardens. There was nothing that could slow him down and he was considered bionic Bob by his family given the multiple injuries, surgeries and metal implants he endured. Even so, he stayed active into his 90th year.

Bob enjoyed shopping and going to yard sales or auctions, often coming home with mystery boxes full of treasures. He had a soft spot for his dogs, loved to fish, and he and Fran enjoyed many years of travelling together and at their winter home in Florida.

The love he had for his family was undeniable.

We will all miss him.

“ Dear Dad I don't even know where to start For all of my life you've played a big part You're the perfect description of what a dad should be And no matter what, were always there for me We did not quite always see eye to eye But you were only looking out for me that's why Your strength and your wisdom always left me in awe Your generosity and kindness I think everyone saw You worked hard for your family so you could provide The kind of upbringing that leaves us with pride Your determination and stamina I deeply admired Your love and your guidance always left me inspired You've taught me so much dad, I can't thank you enough And were always there for me when the going got tough I'm thankful for all of the years that we had And forever grateful to call you my dad It will be hard without you I know that for sure But I'll seek comfort in knowing no more pain you will endure As you journey along now know your deed has been done For when it comes to dads you were always number one Love Always, Barb
