“Granny, you are missed beyond what words can express. Your beautiful smile, loving heart and worrying about everyone but yourself. I will miss our drives to your doctor appointments and just sitting with you talking about anything and everything. Hearing Martin in the kitchen making dinner talking with you at the same time every day and just smiling at the sound of your voice and how thankful I am you were his rock. Accepting myself and my children as family was such a blessing. Hunter Olivia Ethan Gracie Liam Emmett miss you so so much already. You became the grandmother I never had and im so thankful for the time we had together. Words cannot express how much I miss you. Wrap your wings around Martin and give him strength because he is struggling so so hard to be strong. We will keep the bird feeders topped up and peanuts on hand(kids always make sure just for you) in your memory. Please give Susie a hug and kiss from us all! Our beautiful angels, not a day will go by where we don't think of you both. Rest in paradise our beautiful angels. Xo

“Marlene & Reg Nelson We will miss you as a neighbour, and so glad you got to enjoy the house on the Hill. We are very blessed to have meant both you, and your daughter Susie. Reggie and I really enjoyed when you would stand by the kitchen window and wave as we left for work. The pets will really miss you, but I know that Jorg & Alex will take great care of them for you. Sending our condolences to all your family, and you will be missed. Give Susie a hug for me. Marlene & Reg

“ It was an honor and privilege to called your son in law. From day one you were accepting, kind, and generous even though I was stealing your baby girl from you. For the next 43 years, you were there always loving, smiling, and cheery with never a bad thing to say about anyone. You never stopped to relax you were like the energizer bunny, you just kept on going and going until you couldn't anymore and even then you felt guilty about lying around in the hospital. You were the epitome of the perfect grandmother, sweet, gracious, and always had time for your kids and grandchildren. The house is even more lonely without you here, I'll miss your walker usually blocking the way, your laugh, and seeing you standing at the sink doing the dishes. You were definitely one of a kind and will be missed dearly. No Need to worry about your cats and birds, I will take good care of them for you. Please give Susie a kiss and hug for me.
