

Steve Fluke

August 22, 1943 - August 15, 2025

It's with heavy hearts that the family of Thomas Stephen (Steve) Fluke announce Steve's peaceful passing on August 15, 2025, just shy of his 82nd birthday, at Ed's House Hospice surrounded by family with love. Steve was predeceased by his Mother Jessie and Father Albert. Steve is survived by his wife Jan (Jeanette Power) of 58 years, son Mike, daughter Jessica (Andrew), grandsons Liam and Aidan, and beloved dog Story.

Steve worked as an Ontario Land Surveyor throughout his life and was dedicated to and proud of his craft. Steve loved to travel with Jan, be it the east or west coasts of Canada, Ireland, or Portugal. His happy place was being outdoors- whether camping, hiking forests and mountains, sailing, or kayaking the west coast and the wilderness of Ontario, to tending to his beautiful gardens at home.

Steve was a man of many talents, his passion for learning new things never ceased. From his lifelong hobbies of model railways and carpentry, to his later pursuits of learning to fly, play the bodhran and penny whistle, and most recently, horseback riding. He loved a challenge. He was witty and had a great sense of humour. His grandsons have many inappropriate "Granddad quotes" that made us laugh and will live long in our memories.

Steve will be missed by his family, friends, extended family, and many colleagues. Steve has requested a private interment with a Celebration of Life to take place on September 27th, 2025, details to follow.

In lieu of flowers, please consider a donation to Ed's House Northumberland Hospice Care Centre who provided such kind and tender care to him and our family. We will be forever grateful to Dr. Xi who guided his care during this challenging year.

Please visit Steve's Book of Memories at www.communityalternative.ca

“ Steve was an awesome neighbor, he was able to teach me how to ride my bike in a matter of minutes, after multiple failed attempts from others. He told me “look where you want to go, not where you are”. I miss chatting with him as I walked by while he was mowing his lawn.

Heartfelt Sympathies - August 25, 2025 at 08:42 PM

PG

“ I remember a few months ago Steve came by to the house so I could help him fix his email. We spent the next couple of hours listening to Elvis on my grandpa's old recorder and then Steve shared stories from throughout his life, from his University days, how he met Jan, and his various adventures throughout his travels. Steve was filled with humour and exciting stories. I had grown up just down the street from him my whole life but that afternoon I got to spend with him will always stay close to my heart.

“ Steve was a great carpenter. Having seen his work, I asked him if he could make a wooden mantle for my fireplace. I think he was somewhat hesitant to do this, but he took meticulous measurements and did a beautiful job! Jan, Mike & Jess, you have so many loving memories to hold forever in your heart. Love and hugs to you all!
